

Hearts Healed and Lives Restored

Baby of Shruthi: A Journey of Hope and Healing

Baby of Shruthi, an 8-day-old boy, was admitted to Rainbow Children's Heart Institute (RCHI) on 20th April 2025. He was diagnosed with a critical Congenital Heart Defect (CHD), and his condition required immediate medical attention. The doctors initially stabilized him through medical management and closely monitored his condition. Following further evaluation, the medical team informed the parents that the baby required a complex surgery-TAPVC.

The baby is the only child of Mr. Ganesh and Mrs. Shruthi, residents of Ellanthakuntha, Karimnagar district, Telangana. Mr. Ganesh works as an agricultural field assistant in a private company, earning a monthly salary of Rs. 12,000, while Mrs. Shruthi is a homemaker. Unable to bear the cost of the surgery, the family approached the Pure Little Hearts Foundation (PLHF) for support. After thorough counselling and assessment, PLHF extended financial assistance of Rs. 1.5 lakhs from the Raman Trust. The case was also referred to the Extra Mile Foundation, which generously sanctioned an additional Rs. 1 lakh for the surgery.

With this support, the baby underwent TAPVC surgery on 5th May 2025. Although the surgery was successful, the baby experienced post-operative complications, necessitating an extended hospital stay. This led to an increase in medical expenses, leaving the family in distress. Recognizing the situation, PLHF provided an additional Rs. 75,000 from the Kancharla Family Trust. The hospital also extended a generous discount on the final bill. With all the collective efforts and support, the baby was discharged in stable condition on 24th May 2025. He is now recovering well and in good health, bringing hope and relief to his grateful parents.

Master Haneeh: A Tale of Care and Compassion

Master Haneeh, a 3-month-old baby boy from Kalvakurthy, Telangana, was brought to Rainbow Children's Heart Institute (RCHI) after being referred by a local doctor due to a serious health condition. His father, Mallesh, works as a mason earning just Rs. 10,000 per month. His mother, Sirisha, is physically challenged. Having married against the wishes of their families, the couple lacks any familial support.

Given their financial hardship, Pure Little Hearts Foundation (PLHF) intervened. The baby was initially stabilized through medical management provided free of cost by RCHI under a government-collaborative initiative. Later, he underwent a Balloon Dilatation procedure at a subsidized cost of Rs. 57,995, fully covered by PLHF with support from the Kancharla Family Trust. Master Haneeh was discharged on 13th March 2025 in stable condition and is now doing well.

Address: Plot No 22, Road No. 10, Avenue 4,
Banjara Hills, Hyderabad, Telangana 500034.
